EDUCATION

Sagar Institute of Science and Technology   *Bhopal, India*
Bachelor of Engineering in Computer Science   2022 – 2026
- Among the top 5% of the batch
- Relevant coursework in [OS,DBMS,OOP,CN]

SKILLS

Language: C++, Python, Javascript, HTML, CSS
Frontend: React.js, Tailwind CSS
Backend: Node.js, Express.js, JWT
Database: MongoDB, MySQL, PostgreSQL
Tools: Git, Github, Postman, Visual Studio Code

CERTIFICATIONS

- Complete Web Development By Hitesh Choudhary – Mar *(link)*

PROJECTS

Expenz   April 2025 - May 2025
- Built a full-stack Expense Tracker app enabling users to securely add, view, edit, and delete expenses.
- Used React.js, Node.js, Express.js, MongoDB, and JWT for authentication and data management.
- Delivered a secure, scalable, and intuitive solution for personal finance tracking.

Codefusion   Jan 2025 - March 2025
- Built a frontend online IDE that allows users to write, compile, and execute code directly in the browser.
- Used React.js for the frontend and Node.js for the backend, enabling real-time code execution and result display.
- Provided an accessible and interactive coding environment, making it easy for users to test and run code online.

Chatty   Oct 2024 - Dec 2024
- Built a real-time chat application enabling users to send and receive instant messages.
- Used React.js, Node.js, Socket.io, Redux-Toolkit, and MongoDB for seamless frontend-backend communication and real-time updates.
- Delivered a responsive, interactive messaging platform with live chat functionality and robust data management

ACHIEVEMENTS

- Solved 100+ LeetCode coding problems, strengthening data structures and algorithms skills.
- Served as a volunteer for sagar fiesta, contributing to successful event execution and team coordination
